

Jewish Group Home for Men with Low Functioning Autism

A group home is being created for young men to be opened in the spring of 2015. The population being served is non-verbal or verbal. The home will be able to handle maladaptive behaviors, and dietary needs. The students can be turning 22 in the spring of 2015 or have already been placed in adult services. The home is planned to be located within the DDS North Shore Region. Advocates, Inc. of Framingham is facilitating this project. Please contact Paula Jacobson at prj854@gmail.com or 978-854-5579 for further information.
